

BRIDGE

Bridging together employers and university graduates

PROJECT TITLE

BRIDGE – Barents Region Initiative for Developing Growth and Employability

IMPLEMENTATION PERIOD

15.10.2018 – 31.10.2021

ORGANISATIONS INVOLVED

UiT – The Arctic University of Norway (NO);
 Murmansk Arctic State University (RU);
 Petrozavodsk State University (RU);
 ITMO University St Petersburg (RU);
 Lapland University of Applied Sciences (FI)

PROGRAMME

Kolarctic CBC 2014-2020

TOTAL BUDGET

1.272.333,00 €

The project BRIDGE is enhancing employability of university graduates, helping to overcome the gap between the requirements of small and medium enterprises (SMEs) and students’ skills. In the cross-border tourism sector, BRIDGE is providing firms with the opportunity to meet future employees; at the same time, students have the chance to meet potential employers. The overall objective is supporting youth employment and economic growth, building a joint education platform between the educational institutions and the enterprises.
