

RESCUE

A reinforced network of medical services to improve healthcare in life-threatening situations

PROJECT TITLE **RESCUE: Improvement of accessibility to medical services in emergencies through the cooperation of emergency medical services in the cross-border area of Poland, Belarus and Ukraine**

IMPLEMENTATION PERIOD 01.05.2019 – 30.04.2021

ORGANISATIONS INVOLVED Tomaszowski Powiat (PL), Independent Public Health Care Centre in Tomaszów Lubelski (PL), Independent Public Health Care Centre in Hrubieszów (PL), The Health Care Facility “Zhabinka Central District Hospital” (BY), Sokal District Council (UA)

PROGRAMME Poland – Belarus – Ukraine ENI CBC 2014-2020

**PL-BY-UA
2014-2020**

TOTAL BUDGET 1.721.560,30 €

The Rescue project aims at developing efficient cooperation between medical services to improve healthcare accessibility in life-threatening situations. Within the project activities partners will purchase ambulances and specialized medical equipment for hospitals in Tomaszów Lubelski, Hrubieszów, Żabinka and Sokal (including, for example, first aid equipment, defibrillators, electrocardiogram – ECG, ultrasound – USG, and first aid training equipment).
