

# RIVERGO

*A clean and sustainable environment to develop nature-based tourism*

<b>PROJECT TITLE</b>	<b>River flows - Life goes</b>
<b>IMPLEMENTATION PERIOD</b>	01.01.2019 - 31.12.2021
<b>ORGANISATIONS INVOLVED</b>	Natural Resources Institute Finland (FI); Centre for Economic Development, Transport and the Environment for Southeast Finland (FI); Biologists for Nature Conservation (RU)
<b>PROGRAMME</b>	South East Finland – Russia CBC 2014-2020
<b>TOTAL BUDGET</b>	972.245,00 €

CBC 2014-2020  
SOUTH-EAST FINLAND - RUSSIA

The project aims at promoting the preservation of biodiversity in the Vuoksi River area, while enabling the development of nature-based tourism. The project partners seek to implement sustainable development practices that are going to attract tourists and to preserve the surroundings of the Vuoksi River, on both sides of the Russian-Finnish border.

**WATER PROTECTION**

Project co-funded by the European Union
