

REINVENTER

Open innovation networks for smart cities

PROJECT TITLE	REINVENTER – Incubator network for Smart Cities between Italy and Tunisia
IMPLEMENTATION PERIOD	30.12.2019 – 31.12.2022
ORGANISATIONS INVOLVED	Parco Scientifico e Tecnologico della Sicilia S.c.p.a (IT); INNESTA (IT); Comune di Mazara del Vallo (IT); APII – Agence de Promotion de l’Industrie et de l’Innovation (TN); Elgazala Technopark (TN)
PROGRAMME	Italy – Tunisia ENI CBC 2014-2020
TOTAL BUDGET	911.417,96 €

The project offers to small and medium-size enterprises (SMEs) the opportunity to access cross-border open innovation networks. Entrepreneurs and start-uppers are supported thanks to an integrated service package – available online – which includes consulting. The project is expected to develop a network for the exchange of experience and cooperation between Sicilian and Tunisian entrepreneurs, but also to train and support SMEs and start-ups in the development of business plans, marketing plans and fundraising.
