**POLAND - RUSSIA**  
CROSS-BORDER COOPERATION PROGRAMME  
2014-2020

The main objective of the project is to protect the water resources in the Polish-Russian cross-border area, namely the Kętrzyńskie Lake (PL) and the Golubaja River (RU). To do so, project partners are renovating the rainwater drainage system and the hydrotechnical infrastructures. They are also repairing the road infrastructure around the Kętrzyńskie Lake and developing both territories for recreational purposes. Summer camps for the youth are among the different activities organised to raise environmental consciousness of the population.
