ENI-CROSS BORDER COOPERATION

The BRIDGE project aims to enhance cross-border capacity to respond to emergency situations in the mountainous areas between Romania and Ukraine. The investments help to build a training infrastructure for emergency situations and a landing site for helicopters in Suceava (Romania), to modernize the dispatch center of the State Service Department of Emergency Situations in Chernivtsi (Ukraine), to renovate the training center in Ivano-Frankivsk (Ukraine) and to procure professional vehicles. The partners develop as well, the legal framework for the organization of the structures involved in emergency situations management.

Project co-funded by the European Union
