Technical support to the implementation  
and management of ENI CBC programmes

## Compulsory elements of the implementing provisions

Labgroup meeting

12 July 2022

A project funded by the European Union

Implemented by a consortium led by

Article 59.5. An implementing agreement [...] shall **at least** cover the following elements:

- a) detailed arrangements for payments;
- b) financial management;
- c) record keeping;
- d) reporting obligations;
- e) verifications, controls and audit; and
- f) irregularities and recoveries.

Let's Take a Look

## Option A:

national contribution to TA  
transferred to MA

## Option B:

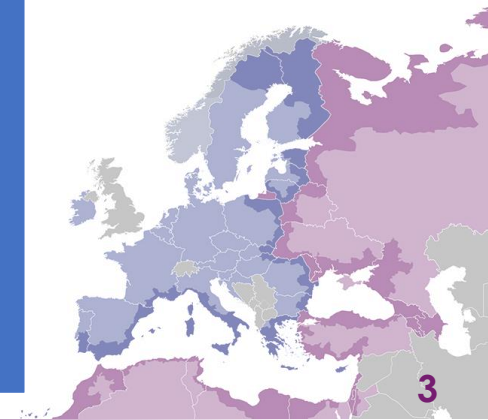

national contribution to TA will  
take form of expenditure  
incurred by national bodies  
(no cash transfer)

## Option C:

part of the national  
contribution shall be  
transferred to project partners  
as a complement to EU grant

## Option D:

No national contribution from  
national bodies at  
programme or project level

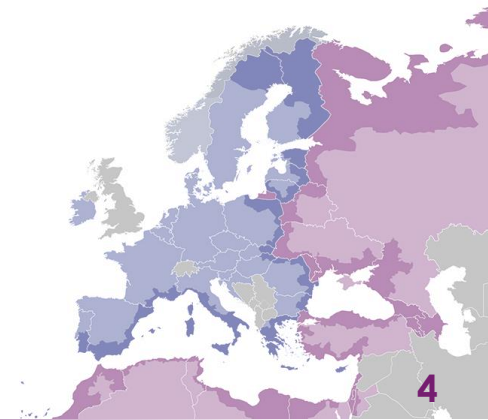

## Potential content: allocation of responsibilities

### MA

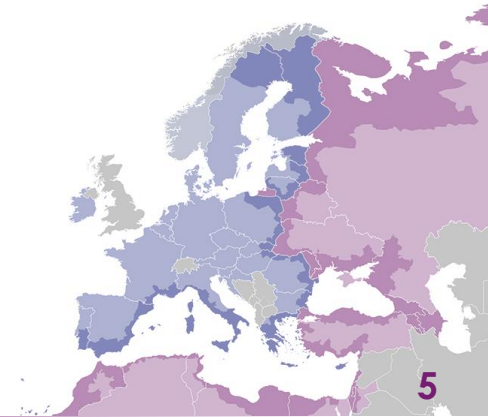

- Accounting
- Receive payments from EC
- Signature of grant contracts
- Payments to beneficiaries,
- Etc...

### NA

- Management of Technical Assistance funds (with national contribution or paid with EU funds)

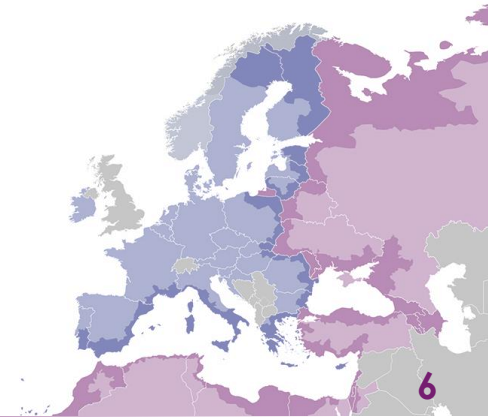

- Supporting documents and IT records: to be kept for a **5-year period** *(from 31/12 of the year in which the last payment from the EC).*
- Documents related to State aid to be kept for a **10-year period** *(in case that the programme finances operations with State aid relevant activities and the association agreement between the Partner country and the European Commission includes provisions on State aid)*

Which information?  
How often?  
Access to IT system!

## Verifications & control

### Option A

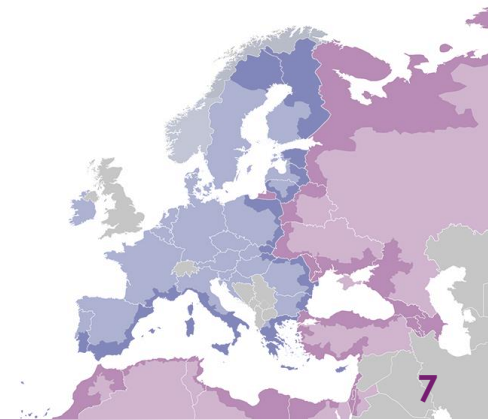

(management verifications by MA)

- Name of support body in the country
- Responsibility of risk assessment
- Support in resolution of doubts
- Etc...

### Option B

(management verifications by national controller)

- Name of the body appointed
- Set-up of long/short list of controllers (if applicable)
- Support by MA

## Audit

### Option A

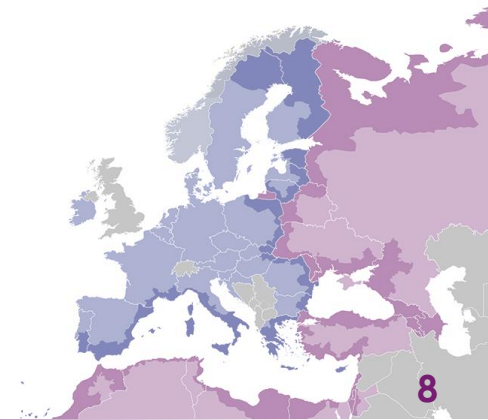

(AA authorised to carry out audits in the country)

- Name of support body in the country
- Responsibility of risk assessment
- Audit of the national MCS
- Resolution of doubts and support in the field work
- Etc...

### Option B

(AA not authorised to carry out audits in the country)

- Name of the body appointed as GoA
- Audit of the national MCS
- Support by AA

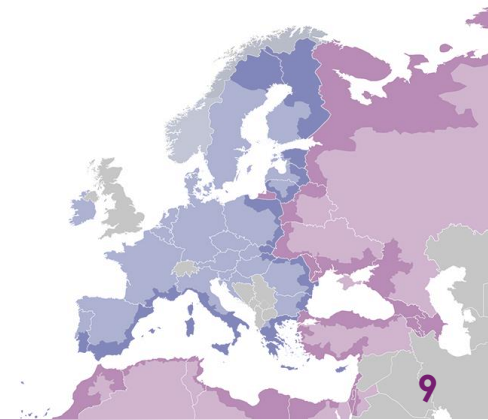

**Role** of the national controller and the national authority (collection of information, detection and reporting):

- focal point for collecting information/documents?
- prepare reports on any suspected or actual irregularity?
- support of the authorized bodies during the investigation on suspected or actual cases of irregularity?
- data base of irregularities and maintain registry of any relevant data?
- Take part in on-the-spot checks, if necessary?

Name of OLAF  
counterpart
