ENI-CROSS BORDER COOPERATION

The main objective of the project is to improve the medical and complementary services of alternative therapies for children with disabilities from Maramures and Ivano-Frankivsk counties. Two new Centers for Alternative Therapies are being built, one in Recea (RO) and another one in Ivano-Frankivsk (UA): they are equipped with a sensorial park and a large arena for innovative therapy with animals (in Romania), and with medical offices and a sport hall (in Ukraine). The competencies and performance of fourteen therapists in the area are being improved through specific trainings and exchange of experiences. The project partners are also organising a wide information campaign targeting inhabitants considered fertile population, to increase awareness about the causes and risks of having children with various disabilities.
