

# DACIAT

*A hand to aquaculture entrepreneurs to start their own company*

<b>PROJECT TITLE</b>	<b>DACIAT - Improving the existing competences and developing new ones in the aquaculture and fish products trade sector</b>
<b>IMPLEMENTATION PERIOD</b>	21.11.2018 – 20.09.2021
<b>ORGANISATIONS INVOLVED</b>	Danube Delta National Institute for Research and Development (RO); Fishing Areas Federation (RO); Karadeniz Technical University Faculty of Marine Sciences (TR); Agency of Sustainable Development and European Integration “Lower Danube” Euroregion” (UA); Association of Cross-border Cooperation “Lower Danube Euroregion” (RO); Region of East Macedonia and Thrace (GR)
<b>PROGRAMME</b>	Black Sea Basin ENI CBC 2014-2020
<b>TOTAL BUDGET</b>	682.883,57 €

The DACIAT project is improving the field of aquaculture by upgrading the innovation capacity of existing enterprises. One of the main achievements of the project is the Aquaculture Virtual Center of Competences, an open access web platform, which serves for cross-border business and logistics information exchange for entrepreneurs who want to upgrade their knowledge in the aquaculture sector, or to develop new competences in this sector, e.g information on aquaculture farming fish species and their market potential, profitability in terms of operation costs, retail costs and consumers behavior.

## SKILLS

Project co-funded by the European Union
